

SPLENDID BUSINESS PROGRESS

DUN'S REVIEW SAYS CONFI-
DENCE IS MUCH STRENGTH-
ENED.

(By Associated Press.)

NEW YORK, June 26.—Dun's re-
view of trade tomorrow will say: The
splendid progress of crops strength-
ens confidence in the future, and
preparations for a large volume of
fall business is gradually increasing.
Idle freight cars have been reduced
to less than 350,000. Railroad shops
are resuming in their repair works.

Bradstreet's tomorrow will say:
Trade this week has taken on most
of the characteristics of the mid-
summer period. Retail business is
helped by the warm weather in most
sections and by widespread reduction
of sales. Fall buying has been and
is still cautious, but the feeling is
conservatively optimistic. The great
industries are as a whole below the
normal in activity. The summer shut-
down promises to be more widely in-
dulged in than for years past. Busi-
ness failures in the United States for
the week ending June 26 number 258,
against 254 of last week. Canadian
failures for the same period, 31,
which compares with 23 of last week.

MARKING TIME ON VENEZUELA

(By Associated Press.)

WASHINGTON, D. C., June 26.—
The State Department is marking
time in the Venezuelan question. The
events that have occurred produced
a situation that promises little
change for some time. This Govern-
ment is merely awaiting the course of
events. The gunboat Marietta leaves
Curaçao tomorrow for Guantanamo
with Jacob Slesper, Secretary of the
American Embassy at Caracas, and
Lieutenant Francis Ruggles, Military
attache, as passengers.

SUICIDE FOLLOWS MURDER

FORMER RESIDENT OF TONOPAH
KILLS A WOMAN IN
BEATTY.

(Special to The Bonanza.)

BEATTY, June 26.—Frank
Litchenberg, a musician in one
of the sporting houses in this
place, this morning at 10 o'clock
entered "The Club" and engaged
in a violent altercation with an
inmate of the house who went
under the name of Viola and
who was known as Nellie Thom-
as, and supposed to be the wife
of Litchenberg. After a few
words he drew a revolver and
fired three shots at the woman,
one entering the head, another
the breast and the third the
stomach. Turning the weapon
upon himself he fired a shot
into the right temple and fell
lifeless upon the floor. The in-
mates of the house ran scream-
ing in every direction, and the
officers soon appeared upon the
scene. The woman was placed
on a couch and a physician sum-
moned, but there is little hope
for her recovery.

Litchenberg was a Comstock
boy and came to this city some
two years ago and was well
known in Tonopah, he having
been occupied as a musician in
various places here. He had
spent part of last winter in
Rawhide, having left there not
long ago and returned to Beatty.

SHAH DISSOLVES HIS PARLIAMENT

(By Associated Press.)

TEHRAN, June 26.—The Shah
of Persia will issue a decree Sunday
dissolving Parliament and ordering
new elections for the assembly and
senate, which he will open in state
three months hence. General am-
nesty has been proclaimed, and there
is no longer any danger for refugees
in the legations.

PERSIA UNDER MARTIAL LAW.

LONDON, June 26.—The Times
Teheran correspondent says the Shah's
proclamation declares Persia has
been under martial law from June
22d, and has given General Likhoff,
commander of the Cossacks, a free
hand to deal severely with the peo-
ple. The assembling of the people
and carrying of arms is prohibited
on pain of death.

Several members of the assembly
are in chains in the royal camp. The
number of prisoners is increasing
hourly. Those detained are being
subjected to the worst ordeals.

PRESIDENT RETURNS TO OYSTER BAY

(By Associated Press.)

OYSTER BAY, June 26.—Presi-
dent Roosevelt returned tonight from
Princeton, N. J., where he had at-
tended the funeral of ex-President
Cleveland. The President, in speak-
ing at the funeral services of the late ex-
President Cleveland, at Princeton to-
day, expressed pleasure at the sim-
plicity of the ceremonies, and said
they were entirely in keeping with
the character of the dead statesman.

STOCK EXCHANGE ADJOURNED.

(By Associated Press.)

NEW YORK, June 26.—A devo-
tion to pay tribute to the memory of
ex-President Cleveland by ending the
Stock Exchange session at 1 o'clock
today served to further curtail the
already shrunken proportions of
dealings in stocks. The session was
insignificant in every way. The flu-
ctuation in prices was narrow and
shifting in an uncertain manner.
Bonds were irregular.

BODY PLACED IN ITS LAST RESTING PLACE

Ex-President Cleveland Con-
signed to the Grave Just
as the Sun Was Sinking.

(By Associated Press.)

PRINCETON, June 26.—Graver Cleveland's body lies buried
tonight in the Cleveland plot in Princeton cemetery. At 6 o'clock,
just as the sun was sinking in the West, a distinguished company
silently watched as the body was lowered into the grave. Then the
simple burial service of the Presbyterian Church was read, and be-
fore the last carriage in the cortege had driven up the path leading
to the burial place, the benediction had been pronounced, members
of the family, President Roosevelt and others who had gathered
about the grave, were leaving the cemetery.

Many personal friends of the dead statesman lingered about the
spot which was to mark the last resting place. Each in turn was
permitted to cast a shovelful of earth into the grave.

Agreeable to the wishes of Mrs. Cleveland, the services both at
the house and the cemetery were of the simplest character. Ser-
vices at the house concluded at 5.30, and five minutes later the cas-
ket was tenderly carried to the hearse and the procession started
on its way to the cemetery. Along the streets, from the house to the
cemetery, national guardsmen, mounted and on foot, policed the
way. As the President passed through the gate leading from West-
land grounds, the militiamen presented arms and the President
doffed his hat in recognition.

The pallbearers, six on either side of the hearse, marched with
the procession through the main thoroughfare of the town. Busi-
ness was suspended during the afternoon. Silent crowds stood with
bared heads as the procession passed.

BANDITS KILL AND PILLAGE

(By Associated Press.)

CITY OF MEXICO, June 26.—Wild stories concerning a formid-
able series of revolutionary outbreak in the northern part of Mexico
is wholly discredited today by telegraphic reports received.

According to telegraphic advices received by Vice-President
Corral today, one of the boldest raids ever attempted in the history
of Mexico was successfully carried out when the town of Viesca was
seized and looted yesterday.

Bandits, numbering fifty, well armed and mounted, swooped
down upon the town without warning. A feeble resistance
was made by the police, but after three of them were killed and three
others wounded, the marauders practically had things their own
way. They first proceeded to the jail, releasing all inmates, some
of whom joined the robbers. The bandits next headed for the Bank
of Nueva Leon, a branch of the main institution of that name, which
is located in the City of Monterrey. They overpowered the employes
and robbed the bank of all the money they could get at.

From there the robbers with a whoop went to the government
stamp offices, looting it and doing great damage to the post office.
Then they turned their attention to the express office, robbing it.
The bandits cut the telegraph wires and tore up some railroad
tracks. However, before communication was interrupted word was
sent to the State Capitol, where troops were immediately dispatched
to the scene. The troops encountered the robbers at the town of
Matamoras De Laguna. A lively fight ensued, in which one trooper
was killed and several wounded. The soldiers captured one of the
bandits. The remainder made their escape and are now in the wilds
of the State of Durango.

Talk of Revolution in Mexico.

(By Associated Press.)

EL PASO, Tex., June 26.—A special received here says that a
band of Mexican revolutionists attacked the town of Los Vacas early
today and some revolutionists are believed to have crossed into
Texas. A Texas Sheriff wired asking the Governor if he couldn't
arrest any fugitives coming into the State. The Governor referred
the matter to the Attorney-General, who held that State officers
could take no action, as the matter of political fugitives coming
into the United States from foreign countries was a question for the
Federal authorities to deal with. It is reported the revolutionists
were repulsed.

sons were killed and twenty-seven
injured in an accident between an ex-
press and freight train on the Bom-
bay and Baroda railway today, near

AUTO CONTAINING FOUR PER-
SONS PLUNGES INTO SAN
DIEGO BAY.

(By Associated Press.)

SAN DIEGO, June 26.—Four per-
sons were plunged into the bay early
this evening when an automobile in
which they were seated went off the
Coronado ferry boat as it was enter-
ing the slip on the Coronado side.
The party in the automobile consist-
ed of District Attorney Lewis Kirby,
County Auditor Howard Cherry, his
wife and two daughters. Before the
accident Kirby got out and began
cranking the machine, standing in
front of it. Suddenly the automob-
ile plunged forward and knocked
him overboard. Mrs. Cherry jumped
and remained on the boat, but the
husband and daughters went into the
bay with the machine. The ferry
boat promptly backed, a boat was
lowered and all were rescued, but lit-
tle worse for the adventure, with the
exception of Cherry, who was slightly
injured.

TEXAS RAILROAD COMMISSION LOSES

AUSTIN, Tex., June 26.—The Gal-
veston-Houston differential rates
were today declared to be unjust and
discriminatory in an opinion handed
down by the third Court of Civil Ap-
peals in the case of the Railroad
Commission versus the Galveston
Chamber of Commerce. The opinion
declared that it is a well-established
rule that each community is entitled
to the benefits arising from its local
and natural advantages and that the
Legislature never intended to confer
upon the Railroad Commission the
power to make discriminations to ot-
set natural advantages.

JOBS ON FARMS FOR UNEMPLOYED

(By Associated Press.)

WASHINGTON, June 26.—Will-
iam R. Wheeler, Assistant Secretary
of Commerce and Labor, has received
assurances from the Pacific Coast
that his plan for securing the distri-
bution of immigrants and other un-
employed laborers, with special refer-
ence to the needs of agriculturists, is
generally approved. He learned to-
day that postal cards for residents
along rural free delivery routes were
being distributed first in the Eastern
and Central States, and he took steps
immediately to have the same work
done in California and other Coast
States, in order to meet the needs
arising from the unusually abundant
crops.

By prompt work of the division of
Information, seconded by persons to
whom the cards are sent, it is be-
lieved that the efficiency of this in-
novation by the Government in con-
ducting a free employment bureau
can be determined.

MUST PAY TO RIDE.

CHICAGO, June 26.—In pursuance
of the Interstate Commerce Commis-
sion ruling, the Western railroads to-
day decided to cancel all passes is-
sued to officials and representatives
of steamship companies. This means
that an interchange of the courtesy
of free transportation will cease be-
tween the steamship companies and
the Western railroads. It is thought
the example of the Western roads
will be followed by all other lines.

PLATT BEGINS ACTION

ATTORNEY GENERAL WANTS
RAILWAY COMPANIES TO
FORFEIT PATENTS.

(By Associated Press.)

CARSON, Nev., June 26.—In the
United States Court today United
States District Attorney Sam Platt in-
stituted two suits in the Federal court
against the Central Pacific Railroad
Company, the Southern Pacific Rail-
road Company and the United States
Trust Company of New York. The
suits were brought to compel the
Central Pacific Company to forfeit its
patent to land in Nevada on the
ground that the patents were ob-
tained by false affidavits, by sworn
statements to the effect that the land
on which the patents were granted
were non-mineral in character. The
land in question is located in Washoe
and Humboldt counties. The com-
panies have been cited to appear before
the Federal authorities at Carson
City, August 25, and show cause why
the patents should not be revoked.

INCREASE FORCE IN RAILWAY SHOPS

SACRAMENTO, June 26.—Im-
provement in the business situa-
tion is the reason given for the unofficial
statement that the force in the South-
ern Pacific shops at this place will be
increased next month. The men will
be placed on full time also. It is un-
derstood that the reported plan of
combining the Oakland shops with
the plant in Sacramento and closing
the former has been abandoned on
the same score.

The traffic of the Southern Pacific
has been picking up steadily. The
California fruit shipments have been
phenomenally heavy this season.
From Sacramento alone 290 carloads
went out last Monday. The officials
of the road are increasingly optimis-
tic regarding the business situation
and inclined to add to the working
force as fast as conditions justify.

PRIESTS FIGURE IN ASSASSINATION

(By Associated Press.)

TIPLIS, June 26.—Five priests
and several deacons were arrested to-
day in connection with the assassi-
nation on June 10th of Archbishop
Elkon, ex-Archbishop of Georgia.
Many proclamations against the ex-
Archbishop were found in their pos-
session. Recently two high Russian
officials of the Synodal chancellery
were arrested in connection with the
murder.

(By Associated Press.)

ROSEBURG, Ore., June 26.—Louis
Kohlhagen, Leroy Shipley and Job
Gilpin were arrested at Roseburg to-
day on indictments returned by the
recent Federal Grand Jury charging
them with perjury in connection with

nished \$1,000 bonds each.
